Financial Exploitation

- * **Why do fraudsters go after older adults?**
- * **Current Fraud Scams.**
- * **Red Flags that a scam may be taking place with you or a loved one.**
- * **What to do when you realize you're involved with a scam.**

While there may be many different forms of elder abuse, the one that hits and lasts the longest sadly is elder financial exploitation. We work our entire careers in preparation for that day that we can retire with a comfortable nest egg only to have a fraudster dash those dreams away by depleting what has been saved.

Brian Sylvester, the BSA Officer at Town and Country Bank, will be giving a presentation on the current forms of exploitation taking place and the red flags that either you or a loved one may be getting taken advantage of. This will, hopefully, be an interactive presentation so those attending should come with questions and scenarios that may need to be discussed.

Presented By:
Brian Sylvester,
BSA Officer, Town
& Country Bank

December 13,
2022

5:30 to 6:30 pm
